## About Worm Power

**Worm Power has been providing 100% organic liquid worm castings to commercial growers and farmers for nearly 20 years. We are the vermi-composting experts. It's what we know. It's all we do.**

**Worm Power Organic Liquid Worm Castings** is an all-natural, proven, stable, and reliable liquid worm castings product that can be safely integrated into any agricultural feeding program. Over 1,000,000 gallons of Worm Power Liquid Extract have been sold in the United States and abroad. Our liquid extract Worm Castings can be used in soil, soilless media and hydroponic grow environments.

### 0.002-0.001-0.024 Guaranteed Analysis

## Directions for Use

**Dilute to recommended strength in the Application Instructions** (shown here) with water for maximum benefit. Use when plant needs water and apply the same liquid amount you do with your regular watering cycle. Can be applied with fertilizers. Apply immediately after mixing.

**Use only as directed. Store in a cool dry place out of direct sunlight. Keep out of reach of children and pets.** Information regarding the contents and levels of metals in this product is available on the internet: <https://www.aapfco.org/metals.html>

## Application Instructions

- **Houseplants & Gardens:** Mix 1-2 oz. with 1 gallon of water. Apply every 7-14 days.
- **Shrubs & Flowers:** Mix 3-6 oz. with 1 gallon of water. Apply every 7-14 days.
- **Potted Trees & Fruit Trees:** Mix 1-2 oz. per gallon of water per inch of tree diameter. Apply every 14 days.
- **Lawns & Turf:** 3-16 oz. per 1000 sq. ft. Apply every 2-4 weeks. Dilution not required.
- **Hydroponics:** Mix 1-2 oz. per gallon of water. Apply every 3-7 days.
