

WORM POWER

The engine of nature.

Made by Worms, Loved by Plants

The engine of nature unleashed.

Derived from all-natural worm castings, Worm Power Organic Liquid Extract is proven to increase root density and enhance plant yield.

Beneficial Impacts of Worm Power Liquid Extract.

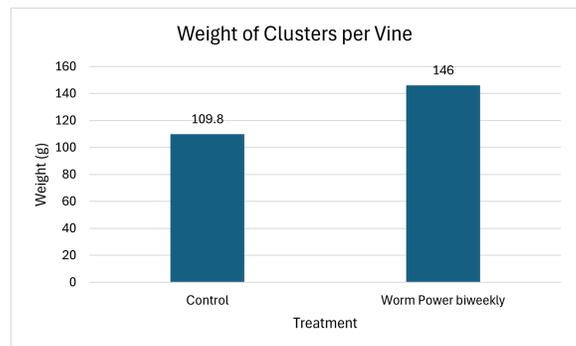

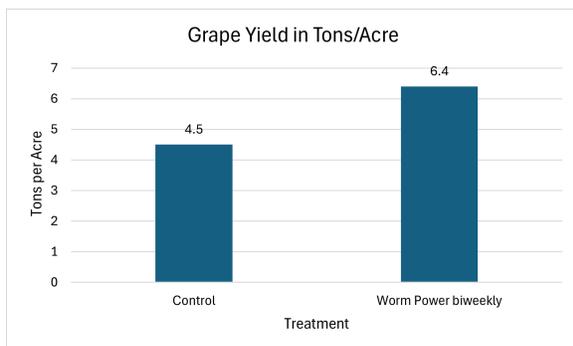

Increased Yield*

- 42.5% increase in yield
- 10% increase in cluster number
- 33% increase in cluster weight

Beneficial Biology

Earthworm derived microbes stimulate root development and nutrient availability

*based on 2025 California grapevine trials

Recommended Application Rates

Existing Vines

2 gallons per acre applied biweekly

Begin applications at bud break or once soil temperature reaches 50F at a six inch depth

Fall Application

2-5 gallons per acre for carbohydrate storage

New Transplants

1-2 gallons per acre biweekly

Worm Power Liquid Extract

- 100% sourced from worm castings- zero additives
- Shelf stable up to 2 years
- CDFA certified product for use in organic programs
- Worm Power Liquid Extract is manufactured in a highly controlled environment ensuring consistent product.
- Easy to apply. Water soluble. Can be applied in drip irrigation, spray nozzles, and in hydroponic tanks.

Available in easy to use 2/2.5 gallon containers, 55 gallon drums and 275 gallon totes all with a 2-year shelf life.

We employ a four-stage process, leveraging the natural pathways of organic matter conversion.
